

LAUNCHING THE FIRST STREAM WITH COPYSTAKE

The image shows a woman with long blonde hair, wearing a purple hoodie and blue headphones, sitting at a desk. She is looking at a computer monitor. The monitor displays a slot game interface on the left and a game round history table on the right. The slot game interface shows a grid of symbols, a 'TUMBLE WIN €10.80' message, and a 'WIN €6.15' message. The game round history table has columns for Time, Game, Amount, and Type. A professional microphone is positioned in front of her.

Time	Game	Amount	Type
17:45:06	Release th		Bet
17:45:06	Release th		Win
17:45:06	Release th		Bet
17:45:06	Sweet Bonan		Win
17:45:06	Release th		Win
17:45:06	Release th		Win
17:45:06	Release th		Bet
17:45:06	Release th		Win
17:45:06	Release th		Bet

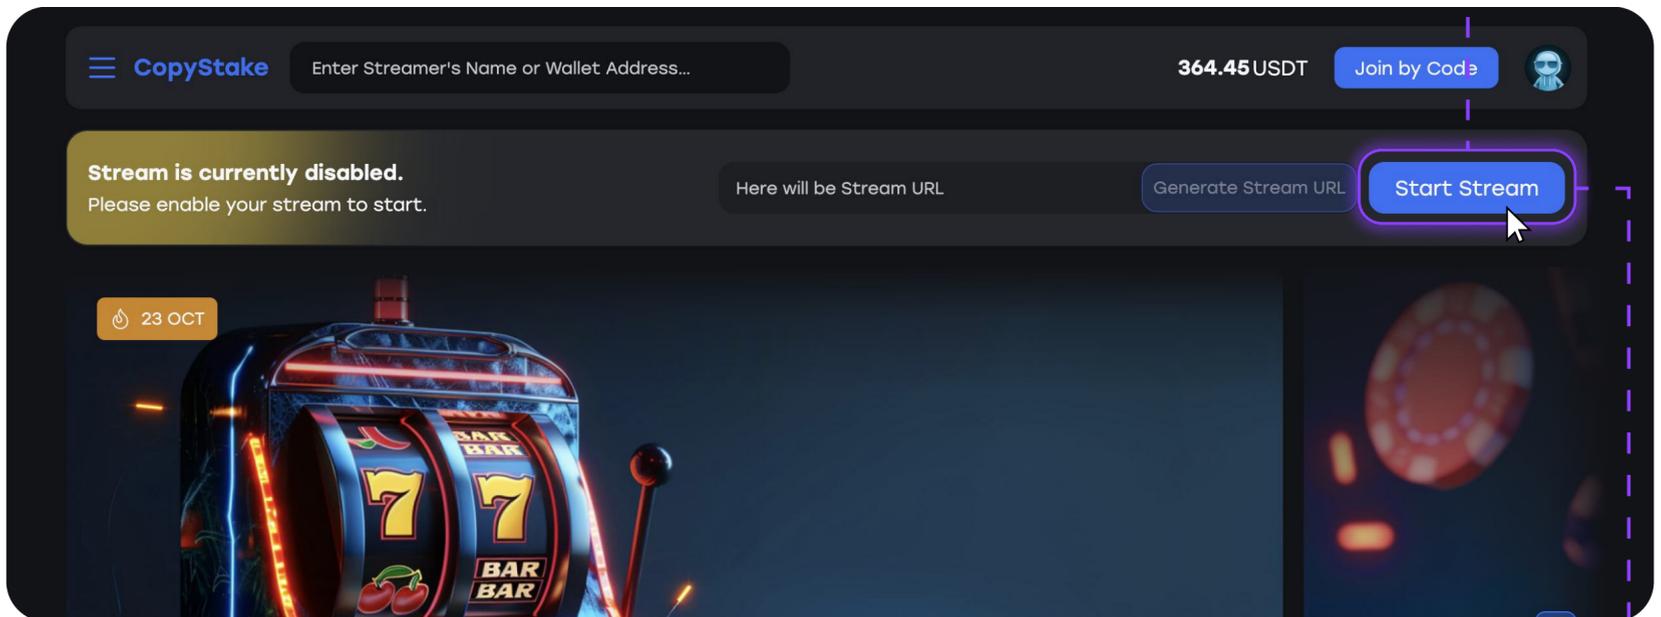

Congratulations on becoming a streamer on the platform!

To kickstart your live streaming journey, we'll walk you through some simple steps to launch your first broadcast.

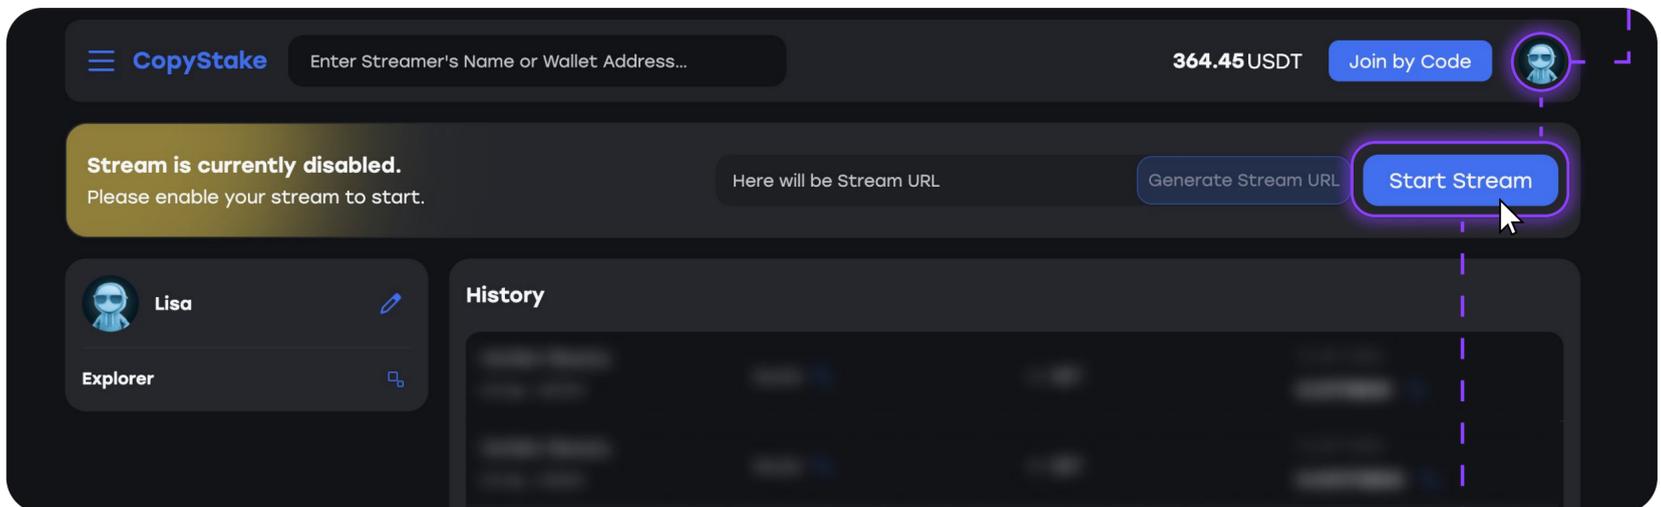

START STREAM

There are two ways to go live:

a) Press the **Start Stream** button on the toolbar.

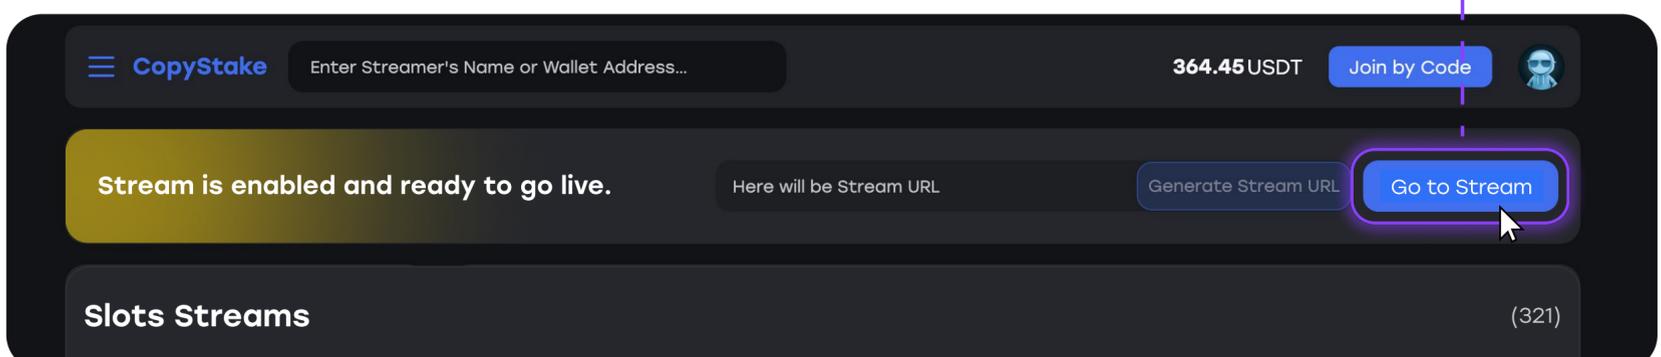

b) Head over to the Account tab at the right corner of the lobby and press **Start Stream** on the toolbar of the page that opens.

Once you do, wait for the broadcast to begin. It might take up to a minute, so make sure to stay on the page.

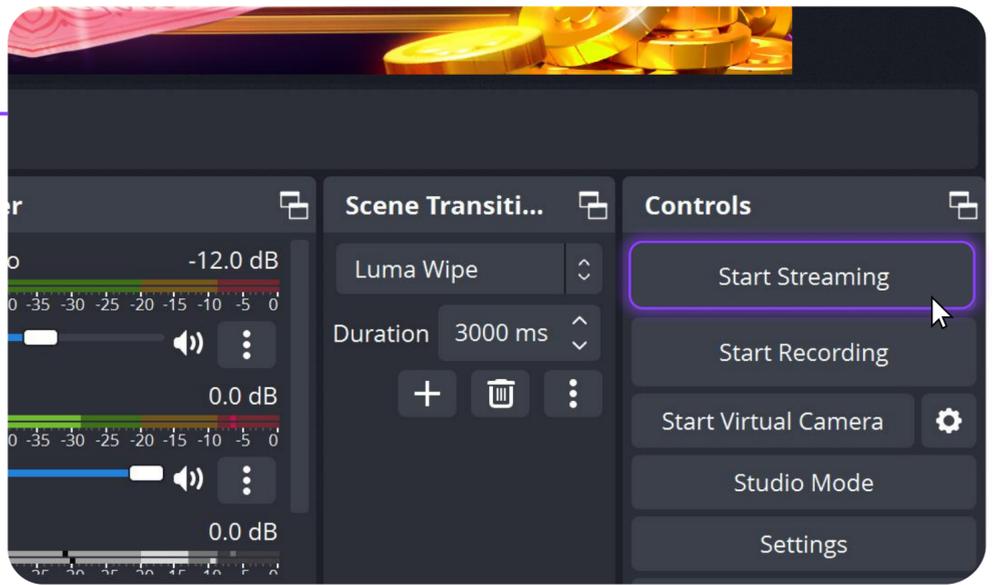

GO TO STREAM

You can ensure everything works fine by pressing **Go to Stream** — the stream will open in a new tab.

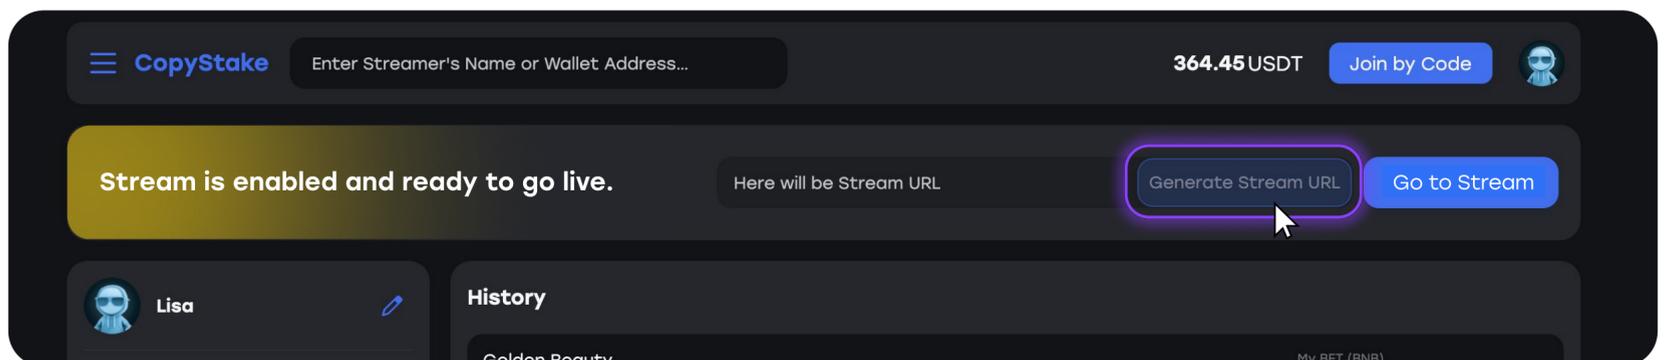

RUNNING A STREAM IN AN OBS PROGRAM

Once you start the broadcast in CopyStake, remember to run a video stream in your **OBS program**.

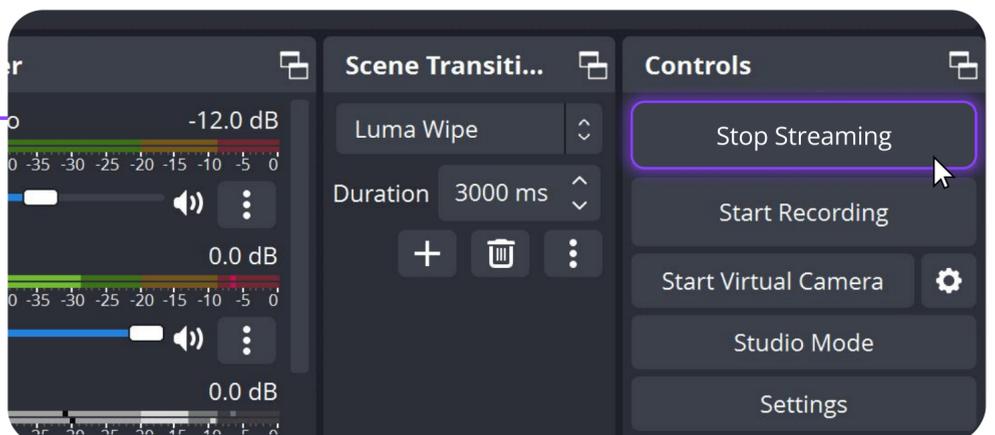

GENERATING THE LIVESTREAM LINK

You can also **generate** a direct link to your stream and share it with the audience. Click **Generate Stream URL** to the left of the **Go to Stream**.

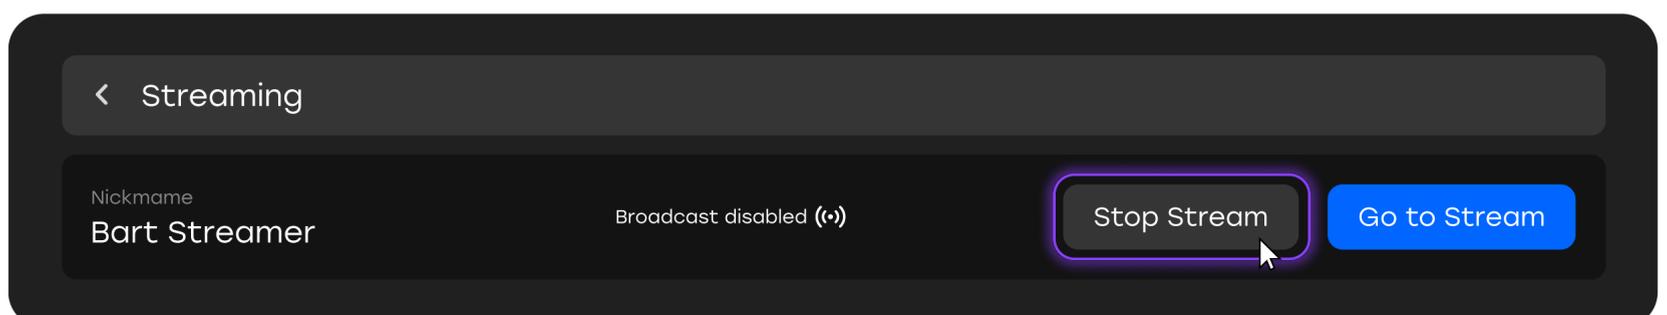

STOPPING THE LIVESTREAM IN THE OBS

After you finish your live gameplay session, stop the broadcast in OBS.

FINISHING THE LIVESTREAM IN COPYSTAKE

Then, return to CopyStake and press **Stop Stream** under the video player.

And there you have it — streaming with CopyStake is a piece of cake, isn't it? Now, set up your streaming settings. **It's time to have fun!**
